Hamilton NJ, 08619   www.kpurcell.info

OBJECTIVE: To obtain an entry-level position where I can use my self-taught education, penchant for learning, and passion for programming to help a company succeed. I strive for high quality and elegant solutions. Likewise, I am also eager to grow and learn under structured leadership and to demonstrate my abilities and potential.

SKILLS

Languages: JavaScript, Python   **Version Control**: Git
Testing: Mocha, Expect, Supertest   **Libraries:** Bootstrap, jQuery, React
Databases: MongoDB, PostGres, SQL   **Web Servers:** Heroku, DigitalOcean
Web Design: HTML & CSS, NodeJS, Express, SocketIO, Postman

PROJECTS (view at https://github.com/Purcell-Kevingithub or www.kpurcell.info)

Chat App
  ❖ *A real-time app that allows users to sign in, join different chat rooms, and broadcast their location.*

Weather App
  ❖ *An asynchronous weather app that generates the current weather using Mapquest's API and Dark Sky's API.*

To-Do App
  ❖ A RESTful API that interfaces with Postman to perform CRUD(create, read, update, delete) actions on objects based on "household chores" or "to-do's".
